Contents

Original Research Reports

Effect of powered gait orthosis on walking in individuals with paraplegia
M Arazpour, MA Bani, RV Kashani, FT Ghomshe, ME Mousavi and SW Hutchins

261

Ultrasonographic measurement of the distal femoral cartilage thickness in patients
with unilateral transtibial amputation
N Akkaya, S Akkaya, L Özçakar, F Demirkan, E Kiter, S Konukcu and F Ardic

268

Evaluation of lower limb electromyographic activity when using unstable shoes for the first
time: A pilot quasi control trial
H Branthwaite, N Chockalingam, A Pandyan and G Khatri

275

Force on the sacrococcygeal and ischial areas during posterior pelvic tilt in seated posture
T Kemmoku, K Furumachi and T Shimamura

282

Validity and reliability of a new ankle dorsiflexion measurement device
A Gatt and N Chockalingam

289

Preoperative characteristics and functional outcomes of lower limb amputees treated at Southern
Älvsborg Hospital, Sweden
M Glemne, N Ramstrand, J Crafoord and L Nygren

298

LV Fortington, GM Rommers, K Postema, JJv Netten, JHB Geertzen and PU Dijkstra

305

Case Series

Kinematics variations after spring-assisted orthosis training in persons with stroke
Y Woo, H Jeon, S Hwang, B Choi and J Lee

311

Case Reports

Effects of heel lifting on transtibial amputee gait before and after treadmill walking: a case study
LF Yeung, AKL Leung, M Zhang and WCC Lee

317

Implant-retained finger prosthesis with modified retention system
MC Goiato, DMd Santos, AP Amoroso, HG Filho and SFdC Dekon

324

Technical Notes

Face-protective orthosis in sport-related injuries
K Ghoseiri, G Ghoseiri, A Bavi and R Ghoseiri

329

Design and fabrication of a finger prosthesis based on a new method of suspension
M Arazpour, MA Mardani, MA Bani, F Zarezadeh and SW Hutchins

332

Comparative study on stiffness properties of WOODCAST and conventional casting materials
E Pirhonen, A Pirssinen and M Pelto

336

A novel technique for fabricating an ear prosthesis in a patient with congenital ear deformity
MA Mardani, G Aminian, F Tabatabaian, M Arazpour, SW Hutchins
and JS Head
